**Creating an environment
designed to work for you, the
Syneo Soft Collection.**

The range includes pods, booths,
hubs and seating –
all designed to provide a stylish,
flexible, and cost-effective
solutions for today's ever evolving
workspace.

SYNEO SOFT

Our pods and booths are designed with health and wellbeing in mind, with features including seated or standing height desks and acoustic brilliance.

Syneo Soft is an upholstered product range designed to give a softer, homely feel, which provides smart, flexible and adaptable spaces for your every need.

The range has been created with soft lines and curves and crafted with acoustically absorbent panels. It is an ideal environment, versatile for individual and collaborative work as well as informal or formal meetings.

The range incorporates a mix of booths and hubs providing flexible, comfortable and versatile working space. For group or individual working. Mobile capability and media integration to make the most of your office environment.

HUB & CLUSTERS

The Syneo Soft Hub comprises of low-level open seating spaces available as individual units or clusters, providing multiple occupancy areas in minimal space. The Hub works with your existing open plan feel, whilst the acoustic panels ensure users gain increased privacy.

As a modular system, you can personalise your own space to suit your needs with options to include integrated power and data sources as well as stylish sofa and table options.

Additionally, the space can be fully enabled with integrated technology features including multi-touch display screens and utilisation sensors to accurately record the use of your space.

SOFT MEDIA HUB

The Syneo Soft Media Hub is a customisable low-level, curved soft seating hub available in three, five or six seater combinations.

Offering integrated technology, the stylish, open-topped, acoustic lined space perfectly enables collaborative working with integrated screen, power and data sources that can be upgraded to include multi-touch display screen technology.

HUBS & CLUSTERS

Our hubs are designed with health and wellbeing in mind, with features including seated or standing height desks and acoustic brilliance.

FREESTYLE BOOTH

The Syneo Soft Freestyle Booth is styled as a static or mobile booth to suit your environment and your needs. The open sides provide versatility to mirror your open plan environment, or as carriages encouraging impromptu meetings, providing a hop-on, hop-off feel to the space.

The mobile version is easy to move with concealed castors and a simple table lever locking system. Covering a minimal footprint, the mobile booths can quickly come together to form a larger meeting space, which can just as quickly disperse into smaller cluster meetings.

Options include open top, louvre and enclosed ceiling with LED lighting. The mobile booth is also available with its own power pack, which can provide up to 8 hours power for laptop and lighting.

SOCIAL BOOTH

The Syneo Soft Social Booth is a versatile open-fronted booth, available in three distinctive shaped ceiling options; straight, radius or pitch.

This semi-private space is ideal for impromptu meetings or as a group or individual workspace with an optional rear wall allowing for further privacy.

With pendant or LED strip lighting options, freestanding or fixed tables, and power supply available in the seat, table or rear panel the Syneo Soft Social Booth can be configured for your every need.

FREESTYLE BOOTH

Our booths are designed with health and wellbeing in mind, with features including seated or standing height desks and acoustic brilliance.

DUO & TEAM BOOTH

A room within a room, the open-fronted booth has no door allowing this semi-private space to be used for multiple purposes from impromptu meetings to informal breakout sessions.

With its distinctive and functional louvre ceiling design, this unique Booth allows your fire sprinklers to filter through, meaning no additional test requirements are needed.

The Syneo Soft Booth options include integrated audio, video and multimedia, along with LED ceiling lighting, allowing you to create the optimum solution for your needs.

-  External panel Camira Era Prompt (CSE45)
-  Interior panel Camira Era Occasion (CSE32)
-  Signal White Decor Desk

DUO & TEAM POD

Formal meetings are essential, however at times difficult to bear. The Syneo Soft Pod has features that can create a more comfortable, private experience. From an air circulation fan to a sliding door and glazed panels the Pod stays light, airy and fresh.

The Syneo Soft Pod is a fully enclosed space for complete privacy.

The Pod comes with an option to have a multi-touch surface table and a user interface which monitors lighting, air circulation and allocated time. With further integrated technology features available the Pod works around you and your meeting.

-  External panel Camira Zap - Splat (ZAP20)
-  Interior panel Camira Oceanic - Seafarer (OOC16)
-  Signal White Decor Desk

DUO & TEAM POD

Our pods and booths are designed with health and wellbeing in mind, with features including seated or standing height desks and acoustic brilliance.

ARCHITECTURE

Canopy is a louvre cantilever ceiling which suspends from the side or rear of the pod or booth. Utilising the outside space by creating an open environment demarking an area for impromptu meetings.

Bridge is a louvre ceiling, cleverly linking two structures, by creating a third usable space. Having the acoustic ceiling with the two fabric external sides, this space is not only comfortable and inviting but acoustically cosseted.

Orbit creates space wherever you want, as it can 'orbit' a full 360-degree around the pod or booth. Similar to the canopy, the Orbit utilises outside space, and as it is mobile, areas can be created as they are needed, where they are needed.

All of our Architecture range is available to be used with both existing or new Syneo Soft pods and booths.

ARCHITECTURE

Our Orbit pod is designed with health and wellbeing in mind, with features including seated or standing height desks and acoustic brilliance.
